

# Bringing It All Together

You have seen and played with:

- Authentication --- X509 certificate, VO
- Job Submission --- Use the compute resources
- Data Management --- Moving data around
- Use Cases --- plans and achievements on the Grid

Embrace/BioMed and other EU projects

This Tutorial

- **Try your own application on the Grid**
  - Need help, ask us, and we will work with you
- **Talk to the experts**
  - We will walk around to answer “any” question
- **What does this type of Grid mean for Bioinformatics**
  - Working session by Victor de Jager (NBIC), Machiel Jansen (SARA) and Pieter van Beek (SARA)
